

Environmental Policy

Atkin Trade Specialists Limited has a commitment to Promote the conservation and sustainable use of natural resources, to minimise environmental pollution and to promote energy efficiency in all of its construction activities.

To achieve this we are committed to:

- 1 Identify our environmental impacts, minimising negative impacts and enhancing positive impacts.
- 2 Preventing pollution to land, water and the atmosphere.
- 3 Minimising and controlling our waste, segregating for reuse and recycling wherever practical.
- 4 Using our resources efficiently. We believe compliance with legislation, regulations and other requirements is the minimum acceptable standard and we seek to meet or exceed industry best practice and apply innovations.
- 5 Procuring responsibly
- 6 Minimising nuisance to our neighbours
- 7 Conserve energy through minimising consumption and maximising efficiency
- 8 Minimise the use of materials which may be harmful to the environment
- 9 Recognise and encourage the contribution every employee can make towards improving the Company's environmental performance

The Environmental Policy together with our Management System will be periodically reviewed to ensure their continued suitability within an ever changing industry.
